Microsoft Ireland Operations Ltd. has applied to the Maritime Area Regulatory Authority (“MARA”) for a maritime usage licence under section 117 of the Maritime Area Planning Act 2021 to undertake marine environmental surveys for the purposes of site investigation. The proposed surveys will consist of geophysical, geotechnical, environmental (benthic sampling) and an archaeological survey. These surveys are proposed to investigate the feasibility of constructing a new subsea telecoms cable system, linking Wales to Ireland, from a landfall on the northwest coast of Wales to a landfall at Dublin Port, County Dublin on the east coast of Ireland. The site investigation works are anticipated to take less than 3 weeks in total and will be completed over a 2 month period.
